3. Employees have been trained on when they are, and are not, authorized to use or disclose CPNI
 - o Disciplinary process has been defined and is in place for violations and/or breaches of CPNI
4. Carrier authentication requirements have been met
 - o All customers during a customer-initiated telephone call are authenticated as being an authorized account contact before discussing CPNI (non-call detail or call detail) without utilizing readily available biographical or account information as defined by the FCC
 - o Call detail is only released to customers during customer-initiated telephone contact if a password is provided. If the requesting customer does not provide a password, only the following FCC approved methods are permitted for the release of the requested call detail:
 - Sending the requested detail to the address of record (only a physical or email address associated with that particular account that has been in our company files for at least 30 days)
 - Calling the customer back at the telephone of record (only disclosing if the customer was authenticated as being an authorized account contact)
 - Having customer come in to Company's office and provide a valid government issued photo ID
5. Notice to customer of account change as customers are notified immediately when a customer creates or changes one of the following:
 - o password
 - o customer response to a back-up means of authentication for lost or forgotten passwords
 - o online account
 - o address of record
6. Notice of unauthorized disclosure of CPNI, a notification process is in place in order to notify both law enforcement and customer(s) in the event of a CPNI breach within the timeline specified by the FCC
7. Opt-out method for approval of CPNI use for marketing campaigns is utilized
 - o Customers are notified bi-annually of their rights for the use of their CPNI in marketing campaigns
 - o New customers are notified of the opt-out procedure as a part of the customer sign-up process
 - o Billing system displays customer's opting status
 - o Compliance officer retains CPNI notifications and opting records for at least two years
8. Additional protection measures are taken above and beyond the current FCC CPNI rules
 - o Company takes reasonable measures to discover and protect against activity that is indicative of pretexting
 - o Company maintains security of all CPNI, including but not limited to:
 - Documents containing CPNI are shredded
 - Computer terminals are locked when employee is not at the station
